FOR IMMEDIATE RELEASE

**ADVANCED DISTRIBUTION SYSTEMS ORDERS
NEW WMS SYSTEM FROM CAPE SYSTEMS**

South Plainfield, New Jersey (April 3, 2006) – CAPE Systems Group, Inc., a leading provider of software technology for packaging design, pallet optimization, RFID Asset Tracking, inventory and warehouse management, supply chain execution and order fulfilment, today announced that it has received the latest in a series of orders from Advanced Distribution Systems (“ADS”), one of the nation’s largest third party logistics providers, to install new warehouse management software into ADS’s Blauvelt, NY distribution center. ADS has previously chosen CAPE for its pick-to-light order fulfillment solution at its five other facilities throughout the US.

Ted Boccuzzi, Founder of ADS commented, “ We are delighted to continue our partnership with CAPE. Their proven WMS solution is easily implemented, and up and running with minimal interruption to our business in the shortest possible time. This installation took less than 10 days to install. From the time of installation we enjoy efficiencies and cost savings from these battle tested solutions. ”

Dave Sasson, COO of CAPE, commented, “We are extremely pleased by the confidence ADS has once again shown in us with this latest order. This alliance signifies our continued rapid growth as a leading provider of wireless warehouse management software solutions into the third party logistics market.”
