**PRESS RELEASE**

**FOR IMMEDIATE RELEASE**

**CAPE SYSTEMS TO EXHIBIT AT THE  
2006 PACK EXPO INTERNATIONAL EXHIBITION**

**\*PREMIER PACKAGING SHOW\***

**South Plainfield, New Jersey (August 7, 2006) – CAPE Systems Group, Inc.**, a leading provider of software technology for packaging design, pallet optimization, RFID Asset Tracking, inventory and warehouse management, supply chain execution and order fulfilment, today announced that it will be showcasing its packaging design and other state-of-the-art products at the 2006 PACK EXPO International Exhibition at the McCormick Place in Chicago from October 29 – November 2. Among the products on display will be **CAPE**'s very distinctive product suite from product design and packaging, to palletizing and truck optimization, robotic pallet building and all the way through order picking and warehouse management. **CAPE** will be at Booth #N-3130

PACK EXPO will feature an estimated 2,000 exhibitors in more than 1.2 million net square feet of contiguous exhibit space and will be the showcase event of the year for the latest innovations and state-of-the-art advances in packaging machinery, materials, containers, packages, software components, fabrication robotics and design systems. The Conference at PACK EXPO will run from Monday, October 30, through Wednesday, November 1, 2006.

Brad Leonard, Vice President, Head of Business Development of **CAPE**, commented, "This is a premier show for the packaging industry and we will be pleased to exhibit our state-of-the art product set at this prestigious event."
