**\*\*\* SOCO SYSTEM ANNOUNCES  
PALLETBUILDER APPLICATION USING  
CAPE'S PALLET OPTIMIZATION SOFTWARE\*\*\***

**\*\*\*FTSE 100 Company is Among Launch Customers\*\*\***

**South Plainfield, New Jersey and Taastrup, Denmark (January 16, 2007) – CAPE Systems Group, Inc., (OTCBB:CYSG)** today announced that SOCO System, its partner in end-of-line robotic packaging and pallet building solutions, has brought to market a new PalletBuilder application incorporating CAPE's pallet optimization software. This is the first product to come out of CAPE's development relationship with SOCO, announced in September 2006. The PalletBuilder program runs as an integrated part of the HMI-interface of the SOCO System palletizing robot.

A FTSE 100 Company and other internationally known organizations are among the early launch customers for this exciting new product.

Jesper Olesen, IT Manager of SOCO SYSTEM stated, "With PalletBuilder everyone can, with only limited instructions, generate new pallet load programs as part of the general use of the SOCO robot HMI-interface. The PalletBuilder runs as an integrated part of the HMI-interface of the SOCO System palletizing robot".

Peter Ayling, CAPE's head of International Marketing, stated, "Through this relationship with SOCO, we now have the first fully integrated collaboration product, PalletBuilder. PalletBuilder meets the demand for a flexible end-of-line production setup using SOCO robots where it is possible quickly to adapt to customer requirements for new pallet load configurations."

**About SOCO System**

SOCO SYSTEM helps companies world-wide to realise a rational, effective and ergonomic end-of-line packaging and handling workflow. SOCO SYSTEM develops, manufactures and markets a broad, modular based product range of end-of-line packaging and handling equipment. The end-of-line product range covers the functions of carton erecting, pick & place, sealing, conveying, palletizing and pallet stretch-wrapping. The equipment can be supplied as either simple, easy-to-install packaging stations or as complete system solutions that completely automate the total end-of-line packaging and handling function. SOCO SYSTEM supplies and serves its customers through a world-wide network of subsidiaries and authorised dealers, that combines a global presence with local contact, consultancy and customer service and support.
